The EAST ASIA REGIONAL CONFERENCE is held once every three years, hosted by different IFES movements in East Asia

East Asia is one of the fastest-changing and fastest-growing regions, influencing world trends in economics, technology, social values, youth and popular culture. With these changes, comes a lot of challenges knocking on our doors, seeking our attention and response. Do we have our hands on the pulse of our nation and our region?

Since its very beginnings in 1972, IFES East Asia Regional Conferences have impacted our region - challenging, convicting and changing students. Each generation is inspired to dream for their times. Each generation returns home with renewed vision and courage to be God's agents of revival, rebuilding, renovating, restoring - family, society, campus, nation, world!

The theme that is driving IFES EARC 2014 is 'Awesome God, E.P.I.C. Generation'. **E.P.I.C.** stands for four words that will characterize a generation under the **Awesome God** - Engaging, Passionate, Incarnational, Christlike.

Come join us.
This conference is going to be epic!
